# Spring Flowers

## READING

Flowers are beautiful and colorful plants that grow all around us. They come in different shapes, sizes, and colors, and can be found in gardens, parks, and even in the wild. Flowers have many important jobs in nature. One of their most important jobs is to attract pollinators such as bees, butterflies, and hummingbirds. These pollinators help flowers reproduce by carrying pollen from one flower to another. Flowers also have different meanings and are often used to express emotions. For example, red roses are a symbol of love and affection, while yellow flowers represent happiness and joy. If you want to enjoy flowers at home, you can grow them in a garden or in a pot. Some easy-to-grow flowers for beginners are marigolds, petunias, and sunflowers. Flowers need sunlight, water, and soil to grow and thrive.

 What are flowers?

# What happens in spring?

LISTENING

It 1..... a lot in the spring. The trees are full of 2....., and the flowers are starting to bloom. My favourite spring flowers are 3..... and 4..... The 5..... come back from the south.

The air smells so fresh in the spring. It's very muddy in our yard in the springtime. There are a lot of 6..... in my yard. I sometimes splash in the puddles, and I get wet and cold, so I have to go into the 7.....

I like it when the 8..... has melted, the rain has stopped, and the 9..... comes out. On sunny days I always get together with my friends. On those days we either ride our 10..... or play ball.

My parents like to go for walks on spring evenings. They also like to 11..... the yard in the spring. Everyone seems to be outside. The springtime brings out of their houses.

Learn how to say these flowers in english and try to find them somewhere. Dry them in a book and glue them next to their picture here.

## SPEAKING

Iris in a country garden,  
Politely said, "I beg your pardon,  
But I'm from sunny France you see,  
And my real name is Fleur-de-Lis."

Spring sprang a surprise.  
Silly, sunny Sundays,  
stunnug sun sets and super storms.

Fresh flowers are fun  
to find in fruitful  
farming fields.

Racing rabbits run rught  
around the round room.
